## EDUCATION

B.Tech (CSE)   ITER Bhubaneswar   9.37/10 CGPA	2020-2024
12 <sup>th</sup> Science CBSE   J.V.M Shyamali,Ranchi   83%	2017-2019
10th CBSE   J.V.M Shyamali,Ranchi   10/10	2007-2017

## EXPERIENCE

**Reverie Language Technologies (Reliance Jio Platforms) | Product Engineer** **June 2024-August 2025**

- Developed and maintained [Indocord](#), a multilingual AI chatbot and voicebot platform, used internally for clients.
- Resolved 50+ frontend issues, improving UI responsiveness and reducing bug-related tickets by 20%.
- Implemented a custom OTP authenticator in Keycloak, strengthening security for password resets and user logins.
- Optimized frontend-backend integration with Moleculer JS, reducing API response latency by 15%.

**Reverie Language Technologies (Reliance Jio Platforms) | Intern** **September 2023-June 2024**

- Contributed to the initial development of [Indocord](#), focusing on frontend components in React JS.
- Implemented foundational features and assisted with debugging to improve application stability.

## PROJECTS

[Dialysis Book \( apk file \)](#) - (2025)

- Built a React Native app to track dialysis sessions (date, vitals, notes), improving patient record management.
- Tech Stack used - **React Native,Expo,React Navigation,Typescript**

[TubeQuiz \(Chrome web store link \)](#) -(2025)

- Created an AI-powered extension that generates quizzes from YouTube videos, improving learning retention for users
- Tech Stack used -**HTML,CSS,Javascript,Cloudflare workers**

[BlogFusion \( Deployed link \)](#) -(2023)

- Developed my personal blogging platform with Node.js, Express.js, and MongoDB Atlas, focusing on RESTful APIs, database design, and secure authentication.
- Tech Stack used-**JavaScript,Node.js,Express.js,MongoDB**

[BloodAssit \( Video Walkthrough \)](#)-(2022)

- Built an E blood Bank where interested donors can register to donate blood
- Users can search with respect to city and blood type they require
- Tech Stack used-**HTML,CSS,Python,Flask**

## CERTIFICATIONS

- [React Native -The Practical Guide](#)-(2025)
- [100x DEVS 0-1 Fulll stack development course](#)-(2025)
- [Harvard's Introduction to Computer Science\(CS50\)](#) (2022)
- [Postman API Fundamentals Student Expert](#) (2023)

## SKILLS

- Frontend:**HTML 5, CSS, Javascript,ReactJs,Redux,NextJs,Tailwind,React Native,Expo**
- Backend:**Node.js,Express.js,SQL,Moleculer JS,PostgresSQL,Caching(Redis),MongoDB**
- Technologies:**Git,Github,Postman,NPM,RESTful APIs,Docker**
- Languages:**Javascript,Typescript,Python(Basics)**

## ACHIEVEMENTS

- Gate 2023 Qualified-Achieved AIR 10,159 in Computer Science
- Solved 400+ DSA problems (300+ on GeeksforGeeks, 100+ on LeetCode), strengthening algorithms & problem-solving
- Active open source contributor
